### Mr L Bampton – Assistant Headteacher

Dear Parents and Carers,

I am writing with a gentle reminder about road safety around our school site.

We have spent some time over the last week looking at road safety and how to stay safe, and I ask that you reinforce messages about road safety around the school site at home.

The roads around school get very busy at the beginning and end of the school day with parents dropping off/picking their children up, students arriving on bikes and by foot. We do have staff on duty both before and after school to support students with safe crossings. There are also safe crossing points at both ends of Gypsy Lane.

From a practical point of view, and to try and protect the safety of our children as much as possible, I would ask all parents/carers to ensure that their parking is safe (if dropping children off/picking them up) and, where possible, encourage children to cycle, or walk with friends to avoid being dropped off by car in areas which lead to them attempting to cross to the school gates in unsafe places.

Thank you for your support with this matter.

Yours sincerely  
Mr L Bampton
