Think for yourself, act for others

Mr S Palmer, Head of Mathematics

16 January 2019

Dear Parents and Carers

Staff changes in Mathematics

You may be aware that at the end of last term, Mr Majithia left the Mathematics Faculty at Cheney School. Having worked at Cheney since 2010, Mr Majithia has left to take up a position at another school.

We were sorry to say goodbye to Mr Majithia, but I am very pleased to be able to tell you that two new Teachers of Mathematics have joined us at the beginning of this term to add their experience and strengths to our already strong Maths team.

Ms Rosie Ninkovic (rni@cheney.oxon.sch.uk) is an experienced teacher who joins us as a Deputy Head of Mathematics. Having previously worked in a similar role at North Oxfordshire Academy in Banbury, Ms Ninkovic will bring her expertise to bear on the provision of the Mathematics Faculty as a whole, as well as on her own classroom teaching.

Mr Cyriac Grigorious (cgr@cheney.oxon.sch.uk) joins Cheney from Brentside High School in London. A highly able mathematician who has been doing research in Graph Theory alongside his teaching, Mr Grigorious will be teaching across the age range of the school, including A-Level Mathematics and Further Mathematics.

I hope you will join me in making our new staff feel welcome in any interaction you may have with them going forward.

We will be updating our staff contact information on the website in the very near future, and in the meantime if you have any concerns or questions about Mathematics at Cheney School, please do not hesitate to contact me directly.

Yours sincerely,

Steve Palmer
