

# How to access online lessons

1. [Log on to RM Unify](#). This is because you must use your school email address to access the online lesson. (If you are using Google Chrome, it is a good idea to log into Chrome using your RM Unify details, by clicking in the coloured circle in the top right)

2. Go to Show My Homework and either log in or use the filters to find your class.

3. Open the 'task' and click on the link to 'Join Meet' just before the start time:

**Other information**

- This homework will take approximately 30 minutes

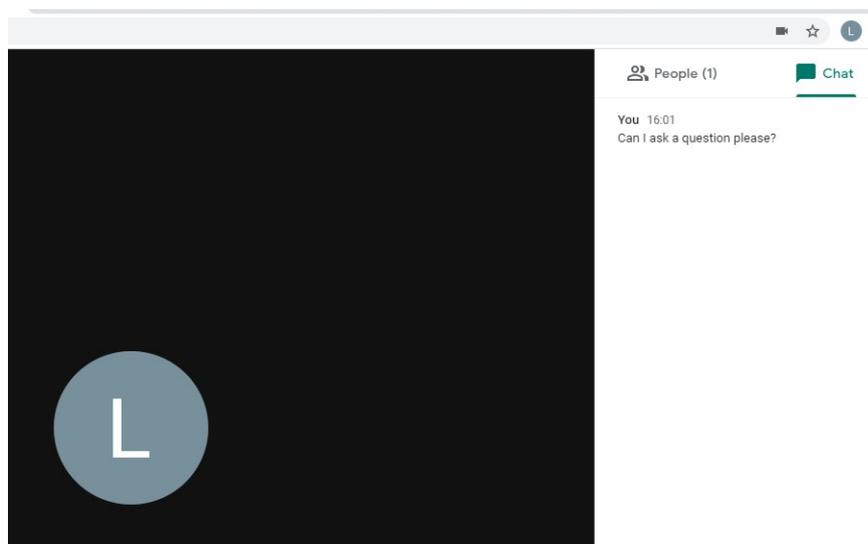

4. When you click on the 'Join Meet' link you should see something like this. Notice that you can click on the microphone icon to turn it On and Off. You can also click on the camera icon to turn it On and Off. Turn your camera and microphone off.

5. Click 'Join now' when you are ready. Your teacher may need to 'Admit' you. Just be patient. Your initial should appear in the middle of the screen. You will also see a 'Chat' option in the top corner.

6. If you click on the 'Chat' option you should see a box along the side of the screen. You can use this to type "Q" if you want to ask a question but please don't use it just to chat with others while your teacher is working with you.

7. When the lesson is over, click on the red 'phone' icon in the middle of the bottom of the screen.
