

From Heads of Faculty

08 June 2020

Dear Parents, Carers and Students in Years 7, 8, 9 and 10,

Catch-up and Explore Fortnight, 15-29 June 2020

We hope you and your families are well.

We have heard from quite a few of our families that students would benefit from some time to catch up on any incomplete work and to hand in any work that is missing.

For the next fortnight – **starting next week (between 15 June and 29 June)** - we will be giving students in Years 7-10 the chance to get up-to-date.

This means we will not be putting new batches of work onto Show My Homework (or sending new paper packs home) for this period of time. Instead, we will be sharing reminders of what needs to be handed in (and how!), continuing with online lessons and sharing lots of interesting extra tasks and enrichment links for students who are completely up-to-date. Don't worry: there will always be something to do!

We hope this will be helpful for students who are worried about being behind with work which needs to be handed in and that it will also give others the chance to explore their own interests a little more.

If you have any questions, please contact Heads of Student Progress or Heads of Faculty:
